Compact 2 Group Commercial Machine

Fiamma Espresso machines are world renowned for their designs and ease of use. The Caravel 2 CV-Compact is a full commercial Espresso Cappuccino machine with direct water hook-up. It has a smaller footprint so it is portable, fits in tighter spaces, and plugs into a regular 120V outlet. Espresso, Cappuccino & hot water are on demand. A volumetric keypad allows you to choose 4 cup sizes with an automatic stop feature. Perfect for anybody that needs a full-featured machine in a compact design.
